8. Procedures for the recruitment, preparation, assessment, approval and support of prospective adopters

a) Recruitment

Adoption East Midlands has a Recruitment Strategy which is regularly reviewed and updated .

Adoption East Midlands works closely with corporate communications to publicise the need for adoptive parents and design recruitment campaigns, liaising with local media.

Adoption East Midlands has a dedicated phone number for recruitment purposes, in addition to receiving enquiries via the Adoption East Midlands website. All enquirers have the opportunity to discuss their interest in adoption with a social worker

Regular Information events are held virtually, to provide information to people interested in adoption.

Enquirers who indicate a wish to proceed to register an interest will be visited where possible within 5 working days. A decision on accepting the registration of interest will be taken within 5 working days.

b) Preparation

Applicants are required to attend Preparation Groups which are run regularly. Whilst the primary aims are to educate and inform, those who attend are made aware that this is part of the assessment process of stage 1 and that any issues or concerns will be discussed with them.

Preparation Groups consist of several sessions they are based on a model developed by Coram/BAAF. Our aim is for all applicants to complete stage one within 8 weeks.

c) Assessment

As far as possible the same social worker will take applicants through stage one and two, ensuring there is no delay.

Stage Two is undertaken in compliance with the Adoption Agencies Regulations and we aim to complete within 16 weeks.

d) Approval

Applicants are encouraged to attend the Adoption Panel. They are provided with information in advance explaining the panel process and are able to read “pen pictures” of Panel Members before they attend. After the meeting, they are asked to complete a simple evaluation form about their experience. Adoption Panels are virtual meetings.

e) Home Finding:

To provide high quality, child-centred and timely Home Finding Services to the children of our four Local Authority partners.

f) Support:

In addition to the various forms of support outlined so far, support events, social events and opportunities for further training are provided for prospective adopters and their networks once approved and into placement.

Quality of service:

Adoption East Midlands is continually monitored and evaluated to ensure the quality and effectiveness of services. We aim to consult and involve adopters in ensuring the quality of service delivery and in-service developments. This is because feedback from service users is central to the quality and effectiveness of services. We regularly request feedback at trigger points in the process- for example after attendance at panel, after completion of stage one and stage two and following completion of training modules or specific work.

Other ways we evaluate quality and effectiveness are:

- Adoption panel comments on the quality of reports presented to them.
- Regular supervision of all staff which highlights potential areas for development.

- Monitoring of issues raised within the complaints' process
- Learning from the conclusions of disruption meetings about what could have been done differently or better
- Routine quality audits.
